Cyrus

summit

The complete range

Cyrus represents a significantly superior alternative to traditional steel framed reception seating. The frames are constructed from oversized, rectangular section tube providing high strength and great visual appeal. The arms are highly polished, solid beech and the upholstery features top grade, extra deep foam with highly emphasised contouring for extra comfort. The range can be set out in a modular format for added versatility with the facility to link chairs together. Matching coffee tables with beech laminate tops can be added to enhance your layout.

Standard Features

- Oversized, rectangular section steel frames
- Epoxy polyester frame coating
- Solid beech arms
- Top grade, extra deep, contoured foams

Optional Features

- Silver, Grey or Platinum frame colours
- Sprung seat
- Increased frame height
- Linking facility on non arm sides of chairs
